

# THE CLAY CITY TIMES.

50 Cents a Year in Advance.

We are here to help Clay City, the Surrounding Country and Ourselves.

J. E. Burgher, Publisher.

VOL. XV.

CLAY CITY, KY., THURSDAY, FEBRUARY 10, 1910.

NO. 6

## GOOD ROAD LAWS.

It seems at last that Kentucky is to have some good road laws. Following are provisions of bills now before both Houses of the Legislature which will likely pass before this paper reaches its readers:

"In order to put the will of the majority of the voters of Kentucky in force and secure for our State the same system of road laws as are in effect in nearly all of the progressive States of our union there have been introduced three measures in the State Senate and they have also been introduced in the House known as Senate bills Nos. 49, 50 and 51.

"Senate bill No. 49 is a complete revision of the present road laws of Kentucky, and instead of the present county road overseer or road superintendent, the Magistrates elect a county road engineer, who must be a qualified road builder or engineer and while at present there are not

very many of this class in Kentucky, yet, in order that he may qualify himself he is required, under the provisions of this bill to hold county road institutes in each road precinct in his county during each year. This will not only make the county road engineer qualify himself, but will also create a sentiment in the various counties of our State for public roads. We also do away with the present force known as the warning or militia system of working the roads.

The county road engineer looks after the roads in the county, clearing them of obstructions, weeds and everything generally pertaining to the roads of the county, and when a county determines by its Fiscal Court upon building roads or by a two-thirds vote of the county to issue its bonds to pay for the roads and the county road engineer

maps, plans and surveys out, draws the specifications, and advertises for the bids and after securing the bids for the building of the roads he has performed his part, and sends the plans, specifications and bids to the State Commissioner of Public Roads, who has charge of the State department of public roads which is created by the provisions of Senate bill No. 50, which bill prescribes his duties, creating the office of State Road Commissioner, it being under the auspices of the Commissioner of Agriculture, the State Road Commissioner being appointed by the Commissioner of Agriculture at a salary of \$2,400, is permitted to appoint such engineers and clerical help as the business of his office requires.

"Senate Bill No. 51 is for the purpose of creating the State road fund by levying a State tax of 5 cents on the \$100 on all the taxable property of the State.

"This State road fund is to be apportioned among the counties of the State in proportion to the amount the counties levy and raise in any one year and put into repair and improvement of their public roads. It might be possible that there will not be a sufficient amount in the State road fund to pay as much as would satisfy the demands which may be made by the counties.

The provisions of this bill are that the State will pay one-third and the county two-thirds the cost of constructing or reconstructing improved highways, and if any county wishes to go the limit as allowed by the constitutional amendment and at once vote a 5 per cent. bonded indebtedness for the purpose of building public roads, this bill permits them to do so, and this county can draw its proportionate part of the amount in the State road fund from year to year

until such county has received an amount equal to one-third of this bonded indebtedness which it may have incurred and put into improved roads, and the county is allowed to include not only the tax or other money raised for county road purposes, but may also include in the measure of this county's apportionment the interest and the sinking fund necessary to take care of this bonded indebtedness, but the county will also be required, under the provisions of this measure, to spend this one-third which it receives from the State road fund in the building of public roads.

## DEATH OF E. E. WEST.

E. E. West died very suddenly Friday, Feb. 4th, at his home at Kiddville aged fifty-two years. He was suffering from neuralgia and had gotten some resting powders from a doctor. He took two of the doses and retired. In a short time Mrs. West noticed that her husband did not appear natural and attempted to arouse him which she could not do. He expired before morning.

Funeral services were held Sunday by Eld. W. C. Horro and the remains were interred near Macedonia church in Montgomery county under the auspices of the Odd Fellows and Masonic fraternities.

He leaves a wife and four children, Mrs. West being formerly Miss Julia Douglas, daughter of Mr. and Mrs. G. P. Douglas, who have many relatives and friends in this county. Mr. West himself was well known in this county, being one of the best known hardware travelers in the State. He frequently made trips to this city in the interest of his business.

## Tobacco Warehouse.

The cultivation of so much tobacco in Powell county this year has stimulated the demand for a warehouse in this city, and we learn that if the crop here proves to be anything like as large as is now predicted the warerooms of the old handle factory will be converted into tobacco warehouses next fall to store tobacco raised in this section which will be amply large for any crop that may be grown. With warehouses at both Stanton and Clay City our farmers need not hesitate growing a tobacco crop, it now seems that it can be easily marketed at home this time.

Call and inspect our line of fall and winter "Queen Quality" shoes for women in patent leather, gun metal, vicis kids and tans.

Hardwick & Co.,  
Stanton, Ky.

Patrick Henry, who was so seriously injured recently in a saw mill accident at Sardis, Miss., an account of which appeared in our last issue is, according to latest accounts, still alive and doing very well.

We have a full line of mens and boys hats in all of the new shapes and colors. You should see them.  
Hardwick & Co.,  
Stanton, Ky.

## HALL-SHIMFESSEL.

The numerous friends of both the contracting parties will be greatly surprised to learn of the marriage of Mr. S. T. Hall to Miss Mary Shimfessel which took place at Brazil, Indiana, on Tuesday, September 21st, 1909, Hon. Roy Shattuck, Mayor of Brazil, officiating.

The bride is the oldest daughter of Mr. and Mrs. C. Shimfessel, of this city, and the possessor of a most sweet, lovable disposition, and is a refined lady of many accomplishments. Mr. Hall is a leading young business man and farmer of Stanton.

The happy young pair have the best wishes of a host of friends who at this late hour are showering them with hearty congratulations. The marriage has been kept a profound secret, and was performed three days after the bride left last fall for a visit to Missouri friends.

## Grayson-Brown.

Mr. George D. Grayson and Miss Nellie Brown, both of Newport, Ky., were married November 1st. The marriage was kept secret until a short time ago when Mr. Grayson claimed his bride and immediately moved with her to St. Louis, Mo., where they will reside.

The bride is a daughter of Mrs. Clay Brown who moved Newport from this city a few years ago. Through the medium of the Times hearty congratulations are extended to them by a large circle of Clay City well-wishers.

## Barnett-Howard.

News has just reached this office of the marriage of Mr. Gordon Barnett, youngest son of Mr.

and Mrs. John W. Barnett, of Butler, Mo., to Miss Issa Howard, also of Butler which occurred there during the holidays.

Miss Howard is a daughter of Mr. and Mrs. Mart Howard, who formerly lived near this city. Mr. Barnett moved from this county with his parents nearly seven years ago when he was a little boy.

The happy pair have the best wishes of a host of Powell county friends.

## Hoodooed Again.

The report comes from Frankfort that the county unit bill has been killed good and dead in the Senate. Both political parties in Kentucky are pledged to the support of this bill and enough Senators pledged to its support to carry it through, but yet it is lost and the people may guess at what changed some Senator's minds after they got to Frankfort.

Tom L. Reed committed suicide at Winchester Friday while making a division of household effects with his wife, who had recently filed suit for divorce. Habitual drinking is said to have been Mrs. Reed's grounds for divorce.

## For Sale.

Seven room house, and five lots in west end of town. Apply to N. C. Walters, Irvine Ky.

Three hundred acres of the lands in this county belonging to the late A. H. Anderson was rented to Holly Everman for \$225 00.

It will pay you men and boys to see our line of clothing. We feel sure we can suit you both in style and price. We have them both in novelty and staple colors and styles.

Hardwick & Co.,  
Stanton.

The Times and  
\* Courier-Journal \$1.00  
" Cincinnati Enquirer 1.10  
" Louisville Commercial 75  
" Home and Farm 75

## The Tariff on Bibles.

Bibles are to cost more. A joker just found in the new tariff law adds 15 per cent to the duty on Bibles. The news became public when a large number of religious periodicals appeared carrying advertisements inserted by Bible distributors to the effect that, "owing to an increase in the tariff, we are obliged to withdraw our prices on all Bibles and testaments listed in our 1909 catalog."

Under the old tariff law a duty of 25 per cent was imposed on all Bibles "whose chief cost is paper." The new law contains this phrase, but the tariff makers added the phrase "and 40 per cent on all Bibles whose chief cost is leather." The chief cost of virtually all the better classes of Bibles imported into this country is the binding. The joker, in effect, puts a tax of 40 per cent on all good English editions of holy writ.

When the Legislature a few years ago, while the State was prosecuting the murderers of Gov. Goebel, appropriated \$100,000 to assist in the prosecution, Caleb Powers sent appeals to Republicans all over the United States to cope with this \$100,000 and great to-do was made over the Legislature appropriating so much. This money was placed in the hands of a commission to judiciously expended, and this commission is now ready to report since Willson has pardoned all of the accused assassins except those who told tales out of school, like poor Henry E. Youtsey. The report shows that \$13,000 of this money had been spent. The accusation that this \$100,000 was being used to bribe witnesses is just like the many other charges against Democrats in power, nothing in it.

"Why does the cost of living increase so steadily?" people are asking. Because so many men are engaging in politics and reform instead of farming; because so many men are becoming doctors, lawyers and preachers, instead of farmers; because so many men believe they must "work" the public instead of the farm; because so many men become agents instead of engaging in modest and profitable farm work; because the people pay more attention than they should to the fakir, and not as much as they should to the modest and industrious farmer.—Winchester Democrat.

In Canada meat sells at from 7 to 17 cents less on the pound than it does just across the line in the United States. The difference is the meat trust in the

United States where it is protected by the Government, while in Canada there is no trust but competition is free and open, and the farmer gets his share of what is due him. It is grand to live in a free Republic, but where is the most freedom to the laboring class and the farmer element of the people?

That recent strikes are signs of growing anarchy, and that civil war in this country will follow them unless present social conditions are changed, is the opinion of Gen. Edward S. Bragg, commander of the Iron Brigade, according to a news item from Fond Du Lac, Wis. Gen. Bragg says: "These outbursts are nothing more than signs of anarchism, which is sending a warning note that must be heeded. If present social conditions continue, civil strife is inevitable. At times I think it is not far away, but again it appears to be a distance from us. The French Revolution should serve as an example to the United States."

Whatever bad may be said about Governor Willson and however numerous his mistakes may be, he is certainly sound on two questions—the Good Roads law and the County Unit measure.

The home trader is next in importance to the "free trader." You can be one of the former if not one of the latter.

## How to Live Cheaply.

In these days of high prices in everything you eat and wear, you should substitute comfort for show. Put convenience in the place of fashion. Study simplicity. Refuse to be beguiled into a style of living above what is required by your position in society and is justified by your resources. Set a fashion of simplicity, neatness, prudence and inexpensiveness which others will be glad to follow and thank you for introducing. Teach yourself to do without a thousand and one pretty and showy things which wealthy people purchase, and pride yourself on being just as happy without them as your rich neighbors are with them. Put so much dignity, sincerity, kindness, virtue and love into your simple and inexpensive home that its members will never miss the costly flipperies and showy adornments of fashion, and be happier in the cozy and comfortable apartments than most of our wealthy neighbors are in their splendid apartments.

## What Every Farmer Should Read.

Every farmer in this country should be a reader of the Southern Agriculturist and a copy of "Practical Farming," which is a book of 500 pages telling all about the best methods of soil culture and the best methods of scientific farming. If our farmers will get this book and follow its teachings we guarantee the very best results in every branch. We have made arrangements whereby we can get you the Southern Agriculturist for three years and a copy of "Practical Farming" and the Times one year for only One Dollar. You should send or bring your order to this office at once. Don't try to farm this year without these helps, for you really cannot afford to do so.

Ladies, here are bargains in millinery that you can't afford to miss. Our loss will be your gain if you take advantage of this opportunity.

\$7.50 hats at \$4.75; \$5.00 hats at \$3.25; \$4.50 hats at \$2.75; \$3.50 hats at \$2.25; \$2.50 hats at \$1.25.

Hardwick & Co.,  
Stanton.

## NOTICE.

It was ordered by the Fiscal court at its December term, 1909, that any person or persons having any claim or claims against Powell county shall file them with the county attorney 15 days before the April or October terms of said court for his examination. Said claims must be properly made out, sworn to and proven as the law directs; and that failure to file same as above stated will be a bar to the allowance of any claim or claims at that term of the court. I give this notice for the benefit of those who have or may hereafter have claims against the county and that we may shorten the terms of the Fiscal court and save the county expense. Respectfully,  
M. A. Phillips, Co. atty.

See our fall and winter line of "Walk Over" shoes for men. We have them in all the up-to-date styles. Hardwick & Co.,  
Stanton.

## Fined for Paper Trust.

The Paper Board Association, made up of about forty paper board manufacturing corporations, which was indicted some months ago by the Federal grand jury in New York on the charge of being an illegal combination in restraint of trade, pleaded guilty to the charge. Each member was fined \$2,000, and all but one paid at once.

## USE HOPE MILLS FLOUR

## Start In Now

to use HOPE MILLS flour and see if you don't like it better than any other you ever used. We guarantee your biscuits more dainty and your pies and pastry more luscious. You will find that quality counts in flour as well as in cooks, and our flour has the quality that brings happy results.

Mfg. by J. ANDREW CAIN, Versailles, Ky.

## OAKLAND PIANOS

Our aim is the production of a popular, up-to-date, moderate price piano, possessing that quality of tone, worth, value and durability heretofore not found in pianos selling at comparable prices. The Oakland Piano Co. are practical piano men whose life-long experience in the building and marketing of pianos is concentrated in the development of those essential quality features that attract the careful buyer.

Our policy is to build one style of case and one grade of piano, thereby increasing our output, reducing the cost of production to a minimum, enabling us to offer smaller and individualized piano in the "Oakland" piano impossible to obtain in any other.

Our new factory is the best equipped and most up-to-date plant in the world, having an output of 5,000 pianos annually.

Our experience in the building of a general construction throughout—the finish, style, workmanship and durability, we claim the "Oakland" piano has no equal at the price.

If your dealer don't handle the "Oakland" piano, write direct to us for catalogue and special introductory price.

## Delicate Women

"From a thin, nervous wreck, miserable and wretched, I am now enjoying splendid health, and it is all traceable to Dr. Miles' Nervine." MRS. MAUD B. OPLINGER, Philadelphia, Penna.

As a rule women understand the nature of their delicate organism, but overlook the wonderful influence their nervous system has upon their general health. They do not realize that nearly all their ills are directly traceable to the nervous system. Thousands of women have regained their health and vigor by the use of Dr. Miles' Nervine.

It restores strength to the entire nervous system.

The first bottle will benefit; if not, your druggist will return your money.
